Rules for Insuragy, LLC Customer Payback Program

1. **Initial Payment to Leasing Agent or Realtor:**
    - Insuragy, LLC will pay $50 to a leasing agent or realtor for each energized customer they bring in.
2. **Payback Period:**
    - During the payback period, Insuragy, LLC will retain $0.008 (8 mils) per kilowatt-hour (kWh) from the customer's energy usage until the $50 is fully paid back.
    - During the payback period, the broker will receive $0.002 (2 mils) per kWh from the customer's energy usage.
3. **Post-Payback Period:**
    - Once the $50 has been fully paid back, Insuragy, LLC will cease retaining the $0.008 (8 mils) per kWh.
    - After the payback period ends, the broker will receive the entire $0.01 (10 mils) per kWh for the life of the customer.
4. **Duration of Broker's Collection:**
    - The broker's entitlement to the $0.01 (10 mils) per kWh continues indefinitely for the life of the customer, post-payback period.

By following these rules, Insuragy, LLC ensures a structured and transparent process for both the payback of the initial payment and the ongoing compensation to the broker.
